FINANCIAL ASSISTANCE

Army and Navy Academy offers financial assistance with the intent of closing the gap between educational costs and family resources. Requests for need-based assistance will be evaluated with an eye toward applicants' academic performance, student behavior, and commitment. We encourage families to have a financial plan to support their cadet's Academy journey from enrollment to graduation. Financial assistance is only available to domestic families.

For questions about affording your student's schooling at Army and Navy Academy, please contact the Office of Admission at **888.762.2338** or by emailing **admission@armyandnavyacademy.org**.
